

Parent teacher meetings will take place on Tuesday and Wednesday next week, please book your time through Aladdin if you have not already done so. Please note that each call is scheduled for ten minutes only. Teachers will make the calls from a withheld number, you should check your phone settings to ensure that you can accept calls from withheld numbers in advance of the meeting.

As Covid numbers rise in the community it is important that we continue to uphold all of our mitigation measures. Parents are reminded that all children from 3rd to 6th class should make their way to their classrooms on their own each morning, parents from these classes should not enter past the green gate. It is also very important that all adults on school premises wear masks. Please do not send children with Covid symptoms to school, if a child is displaying any symptom in school they will need to be isolated from the class and collected.

Christmas Updates

Concert: The school will be putting together a Virtual Christmas Concert again this year due to Covid restrictions. Parental permission is required for the children to be recorded and for the video to be shared. We will be gathering these permissions via Aladdin Connect. Please click on the Permissions option on your homepage in the App or log on to Connect as soon as possible.

School Calendar: Our PA are planning a school calendar again this year and we will take the photos next Thursday and Friday. Please check Seesaw for your child's theme and please give permission for your child's photo to be included in the calendar through Aladdin. Pre-ordering of the calendars will be set up through Aladdin.

Christmas Cards: Parents can order their child's personalised Christmas card through Aladdin payments, the cards will be delivered to the school in early December.

Science Week 2021 is taking place all over Ireland from the 7th - 14th of November. As usual, the Science Team has lots of activities planned for Science Week that will continue to inspire a love of learning and passion for Science. If you would like to discover more about what is happening at a national level throughout the week you can follow or search #scienceweek supported by Science Foundation Ireland.

Our outdoor furniture arrived to the school this week and children can now enjoy lessons in the outdoor classroom. We look forward to their creativity in developing the space further and are excited to see how this space is integrated into the teaching and learning activities in time.

Kind Regards

Suzanne Olwill
Principal

Aoibhín Joyce
Acting Deputy Principal
