Newsletter – 3rd March 2023

Dear Parents,

Congratulations to everyone involved in our school musical – it was a very successful week and we even made it to the newspaper! The children were fantastic from start to finish and the theatre complimented their excellent behaviour. They represented the school so well and we are so proud of the entire cast and their achievement! **Huge thanks to all of the staff involved, in particular to Ms Brett, Ms Kelly-Byrne, Mr Davis, Ms Halford, Mr Fegan, and Ms Power for the many extra hours they have spent bringing the show together!**

We will send out a short highlights video/photos to children involved next week

On Tuesday 7th March Louise from Canine Therapy Dogs will visit our school.
She will introduce the children to some therapy dogs.
She will talk to the children about the many ways therapy dogs can assist children and
adults with additional needs.
She will also teach the children a little bit about how to behave with the dogs.
We are very excited to meet these amazing dogs!

World Book Day was a great success this week – Well done to all of the children who dressed up!!

Reminder – The school is closed next Friday March 10th to facilitate staff training.

St Patrick's Day Parade – We are hoping to have children walk in the parade on St Patrick's Day. We will need both children and parental volunteers on the day, please let us know if you or your child are interested and available to become involved through this link https://forms.gle/UcH2zZQTQeeZs45F6 .

Our school is taking part in the Incredible Edibles project this year. The aim of the project is to educate students about growing fruit and vegetables and to increase their knowledge of food origin and quality.

Last week we received our grow packs and the children have been having great fun planting their strawberries, potatoes, lettuce, spinach, chives, carrots and turnips.

The pots will remain indoors for the next few weeks, under the watchful eye of the children who will water and maintain the crops until we replant them in our School Garden. We are looking forward to harvesting our crops and enjoying some delicious fruits and vegetables in June!

Kind Regards

Suzanne Olwill
Principal
